

Tasman Wheelers Duty Roster

Summer series – 2011/2012

revised (11/9/11)

- As usual, your help with assisting in the running club races is of utmost importance for the safety of riders during club events. Critical road intersections MUST have a duty person to direct approaching riders and traffic. At least 4 people are needed for every normal club race.
- If you are unable to do your turn, please arrange for a substitute or swap with someone else yourself. Help from your parents or partners will also be appreciated
Please report to the race director 30 minutes before the race start for instructions
- Duties need to be divided amongst those helping and include
 - point duties at intersections (race cant happen without this)
 - tail end wagon (this is an absolute must))
 - assistance the timing mats (also highly important)
 - pick up and deliver gear bag to finish (try not to forget this)
- High viz vests must be worn and stop-go signs used. Gear is generally delivered in the club support vehicle, but this vehicle is expected be needed by those operating the timing equipment.
PLEASE return the signs and gear to the same person you got it from

Date	Event	name	phone	email
